county.

E. Kirman, Plaintiff, vs. Albert D. Ayers,

Administrator of the estate of C. C. Pown-

ing, deceased, substituted in the place of

Clara A. Powning, resigned, defendant.

Under and by virtue of an order of sale

and decree of foreclosure issued out of the

District Court of the Second Judicial dis-

trict of the State of Nevada, in and for

Washoe county, on the 12th day of October,

1900, and as amended and corrected on the 17th

day of November, 1900, in the above entitled

action, wherein Richard Kirman, the

above named plaintiff, obtained a

judgment and decree against Albert

D. Ayers, an administrator of the estate of

C. C. Powning, deceased, substituted

in the place of Clara A. Powning, resigned,

defendant, on the 12th day of October,

1900, which said decree was, on said

last mentioned date recorded in Judg-

ment Book "D" of said court, as page 88,

THERE IS ONE CLOUD.

While we write the sun is shining in all of its grandeur and beauty and the earth seems to smile in response to its warm influence. When we look over exchanges and learn about the storms in other districts of the country which have carried death to many and destruction to property in the forces of nature turned loose upon the earth, it is cheering to feel, even in the darkness which informs of destruction to life and to property, that the people in Nevada are enjoying the comforts there are in a climate that has no superior, in winter or in summer, upon the earth.

It is the most despoiled section in the United States, and it may not be error when it is said that it is the most despoiled commonwealth in the world that is inhabited by enlightened and civilized people. It is reported that the cold in British Columbia is anywhere from 32 to 37 degrees below zero, while terrible storms have prevailed in other localities. Plenty of rain has fallen in the valleys of the State and the higher mountains are covered with snow, which brings hope of a prosperous year for the State in 1901.

The only cloud that bears upon its frowning brow an omen of coming death, more fearful and more general than is carried by the death-laden cyclone, is the lottery amendment to the constitution of the State. Constitutional amendments to authorize lotteries, laws to legalize prize fights and other rotten borough enactments and developments, have been the chief cause which has given to the State its world reputation for immorality and political dishonesty.

Is there a young man in the State who has breathed its pure air to manhood who will be so unjust to himself and to those who have watched his boyhood and promised a noble life for him in the future that will aid in crushing the hopes entertained by those who promised that future by supporting the amendment. If there is anything in the State the people have cause to feel proud over it is the grand manhood of the young men who have been born in it or who have come to man's estate within its borders.

Upon you its future depends. Its future good name is now largely in your keeping. Will you be true to the trust which nature has given you? The people have an abiding faith in your moral integrity. Will you sustain that faith, or will you disappoint it? Your voice should be heard in a way that will not be misunderstood by those who have faith in your future. You have many reasons all about you to give you faith in the future of your State. Its future will be your future in prosperity and in the material things of life. Its future good name is of the essence of your future life.

It is within your province and power to have it said by a world that the young men of the rotten borough have redeemed it from the mire it was in. They have cleaned and washed it in the purifying water of an exalted integrity. It stands upon the hill tops of a new life a beacon light sustained by moral principles that burn as clear as the summer sun, whose light in Nevada is as healthful to decency and morality as the teachings of the master.

FRENCHMEN MEET OOM PAUL.

Oom Paul is in France and is receiving the homage of the people who love liberty as they love the life that has been given them to develop and maintain it. There is no halting to debate proprieties or resting places for them when liberty is a boon to be secured from tyranny and oppression. They have been made to understand through experience the meaning of oppression. Its death dealing weapons have been too often unshathed and borne over them until they fell upon their naked heads, with all the cruelty that despotism could bring to its aid, for them not to understand its full meaning. People who have been made to suffer from merciless feudalism and imperialism do not hesitate in their course to discuss questions of state when the sun of liberty is darkened in any part of the earth.

They are quick to remember that like darkness has overshadowed France and may do so again, which remembrance stimulates an unconquerable feeling when human liberty is involved or when there is a struggling people any where engaged to secure freedom or the right to self government. The feeling entertained by the French against the English is a stimulating cause for the demonstration made over the visit to France by the President of the Transvaal but it is not the only cause there is in the breasts of Frenchmen which has led them to bestow upon an aged man an ovation. The man represents a principle in his person which is dear to the minds of the French people. The principle represented in the person of the President of the Transvaal will live to enlighten the world as long as a Frenchman lives to proclaim and defend it.

WEATHER PROPHECY

(Copyrighted, 1900, by W. T. Foster.) St. Joseph, Mo., Nov. 24.—Last bulletin gave forecasts of cool wave to cross continent 27th to December 1st, storm wave 25th to 29th, warm wave 24th to 29th.

December will bring great extremes. First part of the month will average warmer and the last half cooler than usual.

A great high temperature wave will cross the continent during first half of month and a great cool wave during last half.

This will bring a great fall in temperature from about 7th to about 19th, and after the latter date a great rise to about January 1st.

Most rain and snow will occur during first half of month and dry weather will generally prevail during last half.

Warmest weather will occur near 8th and 23d and the most severe storms about 9th, 14th and 31st.

Cold waves will occur near 10th and 16th. Low temperatures first few days of December. Good ice will be made in northern States near 19th.

Henry is now a Mine Owner.

J. M. L. Henry of this city returned to Cape town after the surrender of Pretoria in order to resume work for the mining company with which he was employed before the war.

News has been received that the half dozen Nevada boys who returned to take up their positions are all hung up at the Cape except Henry.

Despite the difficulties and dangers of the journey, he worked his way through the Transvaal into Central Africa, where he pegged out claims and is busily developing them.

The Masquerade Ball.

The fireboys have nearly completed their arrangements for the grand ball to be given by them on Thanksgiving night. Indications show that the boys displayed rare judgment in the selection of the prizes, as everywhere one goes, there are heard remarks about their appropriateness, richness and tastefulness. Several groups are already preparing, we are told, and the other characters for the different prizes tell us on the q. t. they are out to win.

No questionable characters will be allowed on the floor, so you can buy your ticket knowing that only the most respectable people will be your associates. Help the boys out. They have earned it.

Will Become a Wholesaler.

Contractor Holesworth has put a force of men at work building an annex to S. J. Hodgkinson's drug store. A forty-foot basement will be excavated under the building.

A handsome iron and glass front will be later added to the store.

Mr. Hodgkinson is making these improvements preparatory to going into the wholesale drug business. He will close his old drug store about the first of February.

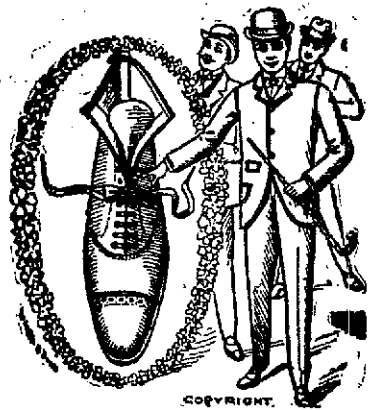

U. of N. Challenged.

A challenge to a debate from Hastings Law College of San Francisco has been received. The various literary societies have taken up the matter. Interest enough will probably be awakened to bring out a very good team against the Bay City debaters.—Student Record.

Caused a Sensation.

Special to the JOURNAL.

CAHTO, Cal., Nov. 23.—A sensation was caused here by the sacrifice of a child to witch craft by Indians. A medicine man named Locklan is said to have poisoned a sister of a sick little girl who he declared was bewitched, later he stole the sick girl and fled.

Note Urging Moderation.

Special to the JOURNAL.

WASHINGTON, Nov. 23.—As a result of the deadlock in the Chinese negotiations Secretary Hay has sent a formal note to the powers urging moderation in the treatment of Chinese matters, in hope of reaching an early settlement.

Visit Refused.

Special to the JOURNAL.

CONSTANTINOPLE, Nov. 23.—The porte has refused to grant an exequatur to the United States Consul Norton at Harpoot, allowing a visit of the battleship Kentucky to Symnia. This may cause a change in the situation.

Murdered and Robbed.

Special to the JOURNAL.

SAN FRANCISCO, Nov. 23.—Gilmondo Bartolomeo, an Italian miner, was murdered and robbed in the alley back of the Lick House tonight. No clew as to the assassin.

H. B. Maxon of Reno, Nevada, has been elected secretary of the Irrigation Congress at Chicago.

Shadows of Coming Events.

Captain DeLamar of Paris will be a candidate for United States Senator from Nevada two years hence, so comes the rumor.

With his \$30,000,000 the Captain ought to cut a broad swath in sagebrush politics. It is also strongly rumored that Captain DeLamar will remove to Reno next spring and build a palatial residence in this city.

Returned to Reno.

Charley May has severed his connection with the Depot hotel and will take the evening train for Reno. Charley has added many new friends to his list during his stay in Elko. The Independent joins with them in wishing him prosperity and happiness in the future.—Independent.

Hardening Cast Iron.

Something that promises to revolutionize the making of steel and the steel industry has just come down from the State of Nevada. "Hopkin's Iron Refining Compound" is a substance which, when sprinkled in the form of a powder upon red hot cast iron, fluxes and solidifies the iron to the consistency of steel. Samples of iron shown in the office of the Mining and Engineering Review would seem to bear out the discoverer's claim over the compound. This compound is formed from a substance produced in limitless quantities at Steamboat Springs.

From all reports Jumbo District is likely to be producing bullion within the next few months.

They Struck It Rich.
It was a grand thing for this com-
munity that such an enterprising firm as
S. J. Hodgkinson secured the agency
for Dr. King's New Discovery for Con-
sumption, the wonderful remedy that
has startled the world by its marvelous
cures. The furor of enthusiasm over
it has boomed their business, as the
demand for it is immense. They give
free trial bottles to sufferers, and pos-
itively guarantee it to cure Cough,
Bronchitis, Asthma, Croup, and all
Throat and Lung Troubles. A trial
proves its merit. Price 50c, and \$1.00

LATE VERDI HAPPENINGS

Our Wide-awake Correspondent
Up the River Is Heard From
Again.

One can scarcely realize that Little
Verdi would ever expand in the man-
ner that it has in the past few months.
Since completing their magnificent
store building the Verdi Lumber Com-
pany have erected a large and attrac-
tive boarding house near their saw
mill site, and are now finishing some
ten or twelve cottages which will be
occupied by employees and their fam-
ilies.
Among the other improvements we
note the remodeling of the Souchereau
residence and the new home of Joseph
Loddo.
The company's buildings are being
erected by Contractor Curtis who will
also build the saw mill and all trestles
along their line of railroad, the mater-
ial for which is now on the ground.
The first trestle will cross the Truckee
river at the old Merrill place.
Electric light poles are being
brought in and electric lights will
shortly supplant the use of oil in
nearly all the residences. A dam at
either end of the Holler ranch will be
built and this property will be used as
a log pond. This is a mere outline of
what is going on in this vicinity.

Wheelmen After Champion's Scalps.

The warmest article on the football
line that has ever been witnessed in
this city will be played on the Univer-
sity ground Thanksgiving day. The
Varsity team, conceded champions of
the Pacific Coast, will line up against
eleven sturdy men from the Reno
Wheelmen's club.
This game will not be the cinch that
it might appear at first sight. The
Wheelmen will outweigh the collegians
fifteen pounds to the man at the very
least. Then they are not all unused to
the game. Take Sellers, for example;
he was quarter back on the great Ohio
team several years ago. Evans was
one of the star U. of N. players. And
if "Quick" Sunderland and "Babe"
Brule play with the Wheelmen, as they
probably will, the Varsity team will be
given the hardest tussel of the season.
The cyclists are training hard.
Perry and Sunderland are putting
them through the motions every day.
Billie Wilson and Bony, the black-
smiths, are rapidly getting science
mixed in with their big muscle and
heavy weight. Flung Hewlett has de-
veloped tackling powers which his
athletic training fit him for. Alto-
gether it looks like even money or bet-
ter on the Wheelmen. You will see
sport if you witness the game.

Opened Under Favorable Auspices.

The Reno foot cyclery opened in the
pavilion last evening under very
favorable auspices. There was a great
crowd of spectators and skaters pre-
sent, but the best of order prevailed
and all enjoyed themselves to the
utmost.
A music stand has been erected in
the center of the floor and good music
was discoursed throughout the even-
ing.
The foot cycle is not as deceptive a
critter as one would think. Although
easy of propulsion, it is not difficult
to maintain a balance. They are op-
erated exactly as ice skates.
Great care is exercised that toughs
and dissolute characters are excluded.
Manager Hammond is determined to
make the resort a place that ladies
may frequent without annoyance.
This evening there will be skating
until 9:30, after which Julien's orches-
tra will give a dance until midnight.

Lots of Money in Evidence.

A game of seven-up, \$20 for the first
even, was an interesting feature of the
week in town.—Gardnerville Record.
The metropolis of Carson Valley is a
sporty burg, but is hardly in the same
class with Reno in this regard. Yes-
terday the limit at the Owl bar bank
was raised to \$100 and more money
changed hands in ten minutes than
the JOURNAL scribe ever saw before. A
half dozen quarts of wine were opened
after one deal.
A hundred dollar limit on evens was
also the limit at the Wine House wheel
one evening this week. To evidence
the size of the bank rolls it may be
said that the box has not been turned
up in Reno this season, notwithstanding
the heaviest play in the history of the town

display of the newest things in art em-
broidery. Free lessons on the con-

day, when it will be sent on to Salt
Lake. Mrs. Hannick will remain

Pierrepont Edwards Purchases a Mine.

Pierrepont Edwards has purchased
from "Buckskin" Norton the North
Mountain mine on Peavine. "Doc"
Edwards had the mine under a lease
for several months and did considera-
ble development work, incidentally ex-
tracting 140 tons of ore worth from \$20
to \$280 a ton in gold, silver and copper.
He has four men at work now and
will largely increase the force in the
spring. Mr. Edwards has ample capi-
tal at his command and owns a mine
that amply warrants an expenditure of
considerable money.
A few more men like Edwards, with
enterprise and cash, would hasten the
day when Reno will become a great
mining and ore reduction center.

Astounded The Editor.

Editor S. A. Brown, of the Bennetts-
ville, S. C., was once immensely sur-
prised. "Through long suffering from
Dyspepsia," he writes, "my wife was
greatly run down. She had no strength
or vigor and suffered great distress
from her stomach, but she tried Elec-
tro Bitters which helped her at once,
and, after using four bottles, she is en-
tirely well, can eat anything. It's a
grand tonic, and its gentle laxative
qualities are splendid for torpid liver."
For indigestion, loss of Appetite,
Stomach and Liver troubles it's a pos-
itive, guaranteed cure. Only 50 cents a
S. J. Hodgkinson's Drug Store.

In Working Order Again.

The Western Union lines to San
Francisco got into serious trouble dur-
ing the recent storm, but service was
reestablished the next day.
Worse luck was the fate of the tele-
phone company. Both their summit
and Beckwith pass lines to Sacramento
were down. They were gotten in shape
yesterday after four days' hard work.
The new telephone line has reached
Virginia. Service with that town will
be had in a day or two.

Another Find.

J. F. Stalling has struck a lead four
feet wide in his claim 18 miles north
of Reno. The rock is decomposed
quartzite reunited by oxidized iron.
It is heavy with sulphurets. The value
of the strike will be better known to-
day when the assayer gets through
monkeying with the samples.

May Have Another Lecture Course.

Dr. C. M. Thomas, manager of the
Thomas lecture bureau, has head-
quarters at San Francisco via our
town yesterday.
Among the able men under his
management this year are Bob Har-
det, David Starr Jordan, A. J. Water-
house, poet, journalist and humorist;
Hon. F. X. Schoonmaker, John P.
Irish, Rabbi Voorhees, B. Lay Mills,
the brilliant and eloquent Rev. Dr.
Rader and Joaquin Miller, also the
famous Boston Concert Company,
consisting of Jean Dorell, numerous
eloquentists, Bernhard Walters, the
Belgian violinist a brother of Carl
Walters; Miss Roddy, soprano,
of whom Madam Gadske's, ya her voice
is one of exceptional sweetness and
purity, and Miss Cummings, pianist.
Dr. Thomas booked last year over
sixty courses, usually consisting of
three lectures and one concert, in Cal-
ifornia, Nevada, Arizona and New Mex-
ico. His work is beginning to be far-
reaching, both from its moral and
intellectual value.
He left last evening for Wadsworth,
hoping to book a course there. There
is a probability of his booking a very
fine course here for this winter.

Sparks Imports More Herefords.

Eighteen head of blue-blooded Here-
ford bulls and heifers, arrived Thurs-
day night for John Sparks and were
conveyed to the Alamo ranch. The
king of the lot is the bull Lemster that
came 6,000 miles to its new home. It
was bred by Allen Hughes at Lemster,
England. It won all the royal prizes
in the yearling class last season. The
bull was sired by Albion, the world's
most famous Hereford.
The other cattle were purchased in
Kansas City at the Hereford sale.
Tomorrow Mr. Sparks will ship a
carload of young bulls to Texas.

The Coming Show.

"For Her Sake," presented last night
at Piper's Opera House was the best
performance that has visited the Com-
stock in a long time. The play is one
of the most intense interest, holding
the unflinching attention of the spec-
tators through four acts crammed full
of the most thrilling incident and
thrilling tableaux ever devised by
author of melodrama. And the com-
pany that produces it is of the first
quality. Every one of them is an
artist, but Mr. Blankall, as "Prince
Valdemar Radetsky," Miss Atwood as
"Olga" and Mr. Randolph as "Grigorie-
vitch" were particularly good and de-
serving of mention. The stage set-
tings were especially beautiful.—Enter-
prise.

What A Tale It Tells.
If that mirror of yours shows a
wretched, sallow complexion, a jaun-
diced look, moth patches and blotches
on the skin, it's liver trouble; but Dr.
King's New Life Pills regulate the liver,
purify the blood, give clear skin, rosy
cheeks, rich complexion. Only 25 cts.

**Many Things
Are Meant**
By many dealers who claim to
handle groceries. When they adver-
tise GOOD GROCERIES no mention is
made of PRICE. When price is
mentioned QUALITY IS OVER-
LOOKED. Again, sometimes they
dwell on the virtues of a LARGE
STOCK. In this case no claim is
made to carrying FRESH GOODS.

**We Preach the Three Main Virtues

**Quality

They are mentioned in their regular

causing hosts of pleased patrons at
